Sir:

This is in response to the restriction requirement mailed December 2, 2003.

In a first restriction requirement dated August 27, 2003, the claims were originally grouped according to the following:

- II. Claims 48, 56, 57, and 68-70, drawn to method for displaying digital data, classified in class 379, subclass 90.1+.

In response to this restriction applicant elected group I. In addition, Applicant filed a divisional on the unelected claims 48, 56, 57, and 68-70.

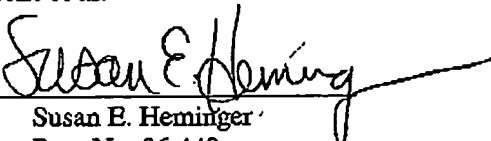

A subsequent restriction requirement was mailed December 2, 2003. The present restriction requirement groups the claims into the following categories:

In response to the restriction requirement Applicant elects Claims 1-55, 57-62, and 64-67 (Group I) without traverse. A preliminary amendment will be filed in the related divisional application

Respectfully submitted,
